

# 1 About the Midterm

- One sheet of  $8\frac{1}{2} \times 11$  inch paper, both sides, may be used during the test for notes
- You may earn one bonus point merely by writing your name at the top of every answer sheet you turn in.
- Bring all your gear to the whiteboard and place it there. You may keep pencils.
- There are two parts to the test

**Written portion** : No backpacks, books, calculators, laptops, etc. When you finish the written portion, bring it to me.

**Programming portion** : you may retrieve your gear and use your books, laptops, calculators, the web, etc

- The entire  $2\frac{1}{2}$  hour period will be available to you to do the midterm.
- At the end of the test, you have a one minute grace period. At the end of that grace period, your test will be docked one point per minute until it is turned in.
- Since the test is long, bathroom breaks will be permitted after you've turned in your written portion of the midterm.
